

NEHA'S SUCCESS STORY

At early childhood, Neha and her family migrated to Delhi for a better living. But things are not easy there too. Her father Nizam Ali works in a shop as an assistant. But his earning does not meet the expenses for entire family. Hence her mother also works as a domestic help. They live at AC-18, Chand Nagar Jhuggi. It is not so easy to have higher study in the slum area as the circumstances are not suitable for that, but she finds her own way for success despite all the odds. Neha is a student of Sarvodaya Kanya Vidyalaya, Chand Nagar and has qualified her 10th class board exam with 68% marks in 2017. As determined Neha has been associated with CSSAR since her primary school days. She was firstly introduced to our primary level centre, New Shyam Nagar Jhuggi where she started growing interest in studies and became regular in school. Then after completing her primary level education she joined our secondary classes at Raghbir Nagar Jhuggi. There she meets our teacher Yogita. With her unique way to teach children, Yogita wins the heart of Neha at ease and motivates her for attending classes regularly. She is good at drawing and dancing as well. She is sincere, intelligent and ambitious, aspiring to be a perfect teacher in future. CSSAR is always with the girls like Neha in fulfilling their dreams.
