Dear Patrons,

Greetings!

We hope that you all are keeping safe and healthy during these difficult times!

Due to the Pandemic the past year has been quite the challenging time for all of us, despite the impediments faced we at CSSAR continue to strive forward in our mission to provide support to children for their educational mainstreaming and development with special focus at girls. We are strongly focused on our vision that every child gets proper education irrespective of their social and financial background.

The focus brought on to improve quality of the education is also paying off with the students registering better scores in the school examinations. Teachers have been provided training by experts on innovative techniques, critical thinking with special focus on mathematics and science. The centres now can boast of a very competent, dedicated and motivated team of teachers who form the backbone of CSSAR.

Even during the pandemic, we have tried to continue classes through online medium. We are in touch with the children and teachers to ensure they are well and encouraging them to learn. To help children learn English better our dedicated volunteers have been taking online classes with children regularly.

Despite of being in this tough time, we are proud to announce that 17 children of our study centres have cleared 10th board exam 2021. And this is the first time in the history of CSSAR that 95% is achieved as the highest percentage in 10th board exam 2021.

CSSAR looks back at its decade plus journey with great pride and satisfaction and the founder Mr. Yogendra Jha is to be commended for this achievement. Our organization is still young and has many more milestones to conquer. We would specially like to congratulate all the members of the CSSAR team for their sincere and dedicated efforts to move ahead against all odds during these challenging times.

All this would not have been possible without the generous and kind support of our sponsors and donors: Give India, Larsen & Toubro, Bhoomi Earth Movers Pvt. Ltd, A Beautiful Mind clinic and the increasing number of individual donors. We express our heartfelt gratitude to you all and we eagerly look forward to your continued valuable support in future.

We look forward your inputs, suggestions, advice & donations to help us in our mission to provide support to our children for their education and development.

Nandita Banerjee

President

VISION

Vision of the organization is that every child gets proper education irrespective of social and financial background.

MISSION

Provide support to disadvantaged and poor children for their educational mainstreaming and development with special focus at girl children.

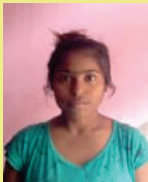

ACTIVITY

We have been educating underprivileged children in Delhi, Gurgaon, Faridabad, Sonipat, Bihar & Mughalsarai since April 2008 and our education program targets children studying in classes 1 to 10 in Govt. schools. Quality of education is not satisfactory in Govt. schools hence this program complements the gaps in school education and sustains the interest of children and their parents in formal education system. Due to this program children are regular in schools and they do not drop out. They understand subjects better and are able to handle class assignments properly. Classes are conducted in slums and villages after school hours i.e., from 2 pm to 7 pm. We conduct remedial classes for those children who live in slums/villages and study in Govt. schools.
