

Rushikesh Became Active Due to Quality Education Program

Vikas

Sahyog Pratishtan along with National Stock Exchange runs a Quality Education Program in a Zilla Parishad School situated in Janefal village of Buldhana District. The need for conducting Quality Education Program was felt through test conducted by

VSP. The program is conducted with students studying from 3rd Std to 5th Std.

Quality Education Program is a program where students are encouraged to gain knowledge and focus on skills and values.

Rushikesh Ukanda Nemade, a student from socially backward society, was studying in 5th Std. was selected in the Quality Education Program. Initially, he was tired to attend school. Also, he was not able to understand what exactly he was writing. This situation was explained to Rushikesh's parents. Also, Shri.Sachin Waghmare sir, explained the importance of education to his parents. Rushikesh's parents thought this was a divine opportunity for Rushikesh to improve his study and therefore, they agreed to send Rushikesh in the Quality Education Program.

Rushikesh started learning with the help of pictures. He started to discuss his thoughts about the pictures with teachers. This process was also taught to him with chain chatting technique, where group discussion is conducted. With the help of this technique, students are also taught to form sentences. With the support of *Ganitmala* and clip 1 to 4, he started learning math. *Maancard*, taught Rushikesh to identify numbers and prices. He now also identifies number line. An interest has developed within him to learn things in this way.

Due to this way of creative learning, his attendance has been increased. An interest has developed within him to learn things in this way. Shri Waghmare sir also expressed his progress in school after joining the Quality Education Program.
