A Note from the President

Dear Friends & Supporters of Being Green

It gives me great pleasure to present to you the Annual Report of Being Green for the year 2023-24. This year has been both inspiring and impactful, filled with purpose-driven actions, strong partnerships, and meaningful contributions to environmental sustainability and community development.

We began the year with a focused vision — to not only plant trees but to nurture environmental consciousness, improve community spaces, and support educational initiatives that empower future generations. I am proud to share that with the collective efforts of our dedicated team, volunteers, and supporters, we organized multiple plantation drives across schools, parks, residential communities, and public spaces, planting over 7500 saplings across Delhi and adjoining regions. Our work extended beyond greening efforts. This year, we took significant steps in supporting education and social welfare. From setting up a computer lab, distributing school supplies for underprivileged students in school, we reaffirmed our commitment to holistic development rooted in sustainability.

These initiatives would not have been possible without the generous support of our funding partners, part and other well-wishers who stood by us in every endeavour. I would also like to recognize the school communities, resident welfare associations, and volunteers whose collaboration was invaluable.

As we look ahead, we remain committed to scaling our impact, expanding our green footprint, and embracing innovative approaches to environmental and social challenges. We believe that small, consistent actions can lead to big change — and with your continued support, we are confident of achieving even more in the coming year.

On behalf of Being Green, I extend my heartfelt gratitude to each one of you for believing in our mission and walking this path with us.

President, Being Green

About Being Green

Being Green is a registered Non-Governmental Organization NGO under Delhi Society Registration Act XXI of 1860. Our NGO is based in Adhyapak Nagar, Nangloi, Delhi and is active since 2014. Our organization is working in the fields of plantation, education for underprivileged children, and community development. Being Green's governing body consists of dynamic professionals who find joy in working passionately for the NGO.

Mission

Being Green believes in living sustainably in a Green Society and for us the word Green manifests environmental responsibility and resource efficiency for better tomorrow.

Our mission is to build a society we can be proud of, which can be achieved through individual contributions to making our community, city, and country more sustainable.

Vision

Our vision is to establish a green society by raising awareness about the benefits of green living, which will contribute to national development.

We commit to expand our reach to help people. For this, we wish to build partnerships with organizations that share our mission to help local communities.

Plantation Drives

The primary objective of the plantation drive organized by Being Green NGO is to promote environmental sustainability by increasing green cover, enhancing biodiversity, and fostering ecological awareness among communities. Through these plantation initiatives, Being Green aims to:

- Combat urban pollution by planting trees that improve air quality and reduce heat island effects.
- Encourage community participation and environmental stewardship by involving schools, residents, volunteers, and corporate partners.
- Create green and healthy spaces in urban, peri-urban, and rural areas for future generations.
- Educate and sensitize youth about the importance of trees, climate action, and sustainable living.
- Support national and global environmental goals, including those related to climate change mitigation and sustainable development.

Being Green's plantation drives are not only about planting trees, but also about nurturing a culture of environmental responsibility and collective action.

1. Tree Plantation Drive at MCD Primary School, Hastasal Village no. 2, New Delhi on April 15, 2023

On Saturday, April 15, 2023, the NGO conducted a tree planting initiative at MC Primary School in Hastasal Village No. 2, where a total of 500 plants were placed within the school grounds. The event was well-received by numerous volunteers, including a team from VIPS College, who actively participated in planting a significant number of saplings. The involvement of college volunteers was crucial for educating them about the importance of tree plantation.

According to available information, the school was founded in 1880 and is overseen by the local governing body. It serves students from grades 1 to 5 and is situated in a rural area of West Delhi.

2. Tree Plantation Drive at MCD Primary School, Hastasal Village No 1, New Delhi on April 22, 2023

In celebration of Earth Day, Being Green conducted a tree planting initiative at MC Primary School in Hastasal Village No. 1, where 1,000 saplings were planted within the school grounds. The event saw enthusiastic participation from numerous volunteers hailing from various regions and educational institutions, whose involvement was crucial for both imparting knowledge and gaining insights into the tree planting initiative. Approximately 100 individuals took part in the drive, including NGO members, gardeners, volunteers, college students, and school staff. The respected Principal of MC Primary School Hastasal Village No. 1 inspired the volunteers. Prior to the commencement of the planting activities, a team member articulated the NGO's vision and encouraged the volunteers to adopt innovative approaches for societal improvement.

According to our records, the school accommodates around 769 girls and 24 teachers during the morning shift, alongside 550 boys and 16 teachers in the afternoon shift. Established in 1890, this school is overseen by the local governing body and is situated in a rural area of West Delhi, offering grades from 1 to 6.

3. Tree Plantation Drive at MCD Nigam Pratibha School, Baprola Village, and MCD Primary School, Chanchal Park, New Delhi on April 29, 2023

NGO held another tree plantation event on April 29, 2023, at MCD Nigam Pratibha School in Baprola Village and MCD Primary School in Chanchal Park, where a total of 1000 saplings were planted on the grounds of both schools. During this initiative, school children played a crucial role in the planting process, with approximately 200 boys and girls participating and enjoying the experience to the fullest.

Everyone put forth their utmost effort to ensure this event was memorable. We would like to take this opportunity to express our gratitude to the school staff, volunteers, students, the team at Concentrix Daksh, and our gardeners for the successful execution of this event.

To reach our goal of planting 1000 saplings, this was our final tree plantation drive in collaboration with Concentrix Daksh, and we aimed to accomplish this within the designated time frame.

4. Tree Plantation Drive at MCD School, Tagore Garden, New Delhi on June 10, 2023

On June 10, 2023, Being Green successfully executed a Plantation Drive at MCD School in Tagore Garden, Delhi, where a total of 250 saplings were planted. This effort is part of the NGO's ongoing dedication to environmental preservation and raising community awareness. The event was meticulously organized in collaboration with the school authorities, providing a safe, engaging, and educational experience for all participants. Students, teachers, and volunteers actively engaged in the planting activities, cultivating a collective sense of responsibility towards the environment. Furthermore, Being Green will provide post-plantation care and regular maintenance for the saplings to ensure their healthy development and long-term viability. This initiative exemplifies the NGO's overarching mission to foster greener, cleaner, and healthier urban environments through community-led sustainable initiatives.

5. Tree Plantation Drive at K M Apartment, Sector 12, Dwarka, New Delhi on July 23, 2023

On July 23, 2023, Being Green, in partnership with Bhumi NGO, organized a Plantation Drive at K M Apartment, Sector 12, Dwarka, New Delhi. This initiative aimed to enhance environmental awareness and expand urban greenery. During the event, residents, volunteers, and representatives from both organizations united to plant 250 saplings, including local species adapted to the area. The drive witnessed significant community involvement, promoting a shared commitment to environmental care.

This joint initiative exemplifies the effectiveness of community collaborations in fostering sustainable urban growth.

6. Tree Plantation Drive at M.H.D.C Saraswati Bal Mandir Sec. School, Janak Puri, New Delhi on August 19, 2023

On August 19, 2023, Being Green conducted a Plantation Drive at M.H.D.C. Saraswati Bal Mandir Secondary School in Janakpuri, New Delhi, as part of its ongoing efforts to foster environmental awareness and sustainable practices within educational institutions. The initiative saw enthusiastic involvement from students, school personnel, and volunteers, who together planted 66 saplings on the school grounds.

7. Tree Plantation Drive at Government Model Sanskriti Primary School, Shiv Colony, Naharpur Rupa, Sector 33, Gurugram on August 26, 2023

On August 26, 2023, Being Green successfully organized a Plantation Drive at the Government Model Sanskriti Primary School situated in Shiv Colony, Naharpur Rupa, Sector 33, Gurugram.

This government-operated educational institution falls under the Haryana Department of Education and serves both male and female students from Class 1 to Class 5, primarily teaching in Hindi. The event was made possible through the generous support of Art Housing Finance, as part of their commitment to environmental and social responsibility.

During the drive, a total of 250 saplings were planted, with enthusiastic involvement from the school staff, students, and volunteers from Art Housing Finance. The initiative aimed to improve the school's green environment, provide natural shade, and foster environmental awareness among the students. This collaborative endeavor highlights the significance of partnerships between corporations and NGOs in creating a greener and more sustainable future.

8. Tree Plantation Drive at MCD School, Sultanpur Mazra, New Delhi on September 16, 2023

On September 16, 2023, the Being Green organized a Plantation Drive at MCD School in Sultanpur Mazra, as part of its ongoing commitment to fostering environmental sustainability and enhancing green spaces in educational institutions. MCD School Sultanpur Mazra, situated in North West Delhi, is a government-operated primary school under the Municipal Corporation of Delhi (MCD). Founded in 1952, it offers education for students from Class 1 to Class 5 and is located in an urban setting within the Sultanpuri South block.

During the drive, a total of 400 saplings were planted, with enthusiastic involvement from school children, NGO representatives, and gardeners, who collaborated to ensure the event's success. The saplings included a variety of native and air-purifying species, chosen for their compatibility with the local ecosystem.

9. Tree Plantation Drive at Sector 9A Society Park, Bahadurgarh on September 23, 2023

On September 23, 2023, the Being Green conducted a Plantation Drive at the Sector 9A Society Park in Bahadurgarh, with the generous backing of Mahindra Finance as part of its Corporate Social Responsibility (CSR) efforts. The initiative aimed to improve the green environment of the residential area and foster eco-friendly practices among local inhabitants.

Community volunteers, along with members of the NGO and representatives from Mahindra Finance, actively engaged in the drive, resulting in the planting of 600 saplings.

A variety of native and pollution-resistant saplings were introduced during the event.

10. Tree Plantation Drive at MCD School, Sector 20 Extension, Rohini, New Delhi on September 26, 2023

On September 26, 2023, Being Green conducted a Plantation Drive at MCD School in Sector 20 Extension, Rohini, as part of its ongoing initiative to promote environmental awareness and enhance green infrastructure in educational settings.

A total of 100 saplings were planted on the school grounds during this event, which witnessed enthusiastic involvement from the school staff, students, and members of the Being Green, fostering a collaborative and educational environment for the participating children.

11. Tree Plantation Drive at GGSSS No. 2, Uttam Nagar, New Delhi on October 7, 2023

Being Green successfully executed a Plantation Drive at GGSSS No. 2 in Uttam Nagar, where 200 saplings were planted on the school grounds. This initiative aimed to improve the school's green environment and motivate students to engage in sustainable and eco-friendly practices.

The saplings comprised a variety of native, shade-providing, and air-purifying species, meticulously chosen to flourish in the local environment.

Being Green has pledged to manage the aftercare and maintenance of the saplings to guarantee their healthy development and lasting impact.

12. Tree Plantation Drive at Sarvodaya Kanya Vidyalaya, H Block, Sultan Puri, New Delhi on October 21, 2023

On October 21, 2023, Being Green conducted a Plantation Drive at Sarvodaya Kanya Vidyalaya, H Block, Sultan Puri, Delhi, as part of its initiative for environmental outreach and the greening of schools. This government-run co-educational institution, established in 1987, operates under the Directorate of Education, Delhi, providing education from Class 1 to Class 12 and is affiliated with the Central Board of Secondary Education (CBSE). Located in the urban area of Sultanpuri East in North West Delhi, the drive resulted in the planting of 300 saplings, comprising a variety of native and climate-resilient species. The initiative aimed to improve the school's green space, foster environmental education among students, and support the urban greening efforts in Delhi.

13. Tree Plantation Drive at ZAB World School, Vikas Puri, on December 8, 2023

On December 8, 2023, Being Green organized a Plantation Drive at ZAB World School in Vikaspuri, as part of its ongoing commitment to foster environmental education and improve green infrastructure in educational institutions.

The initiative included the planting of 50 saplings on the school grounds.

14. Tree Plantation Drive at Sarvodaya Kanya Vidyalaya, West Vinod Nagar, Delhi on December 11, 2023

On December 11, 2023, the Being Green conducted a Plantation Drive at Sarvodaya Kanya Vidyalaya in West Vinod Nagar, Delhi, aimed at fostering ecological awareness and increasing the school's green cover.

A total of 150 saplings were planted during this initiative, with enthusiastic participation from students, teachers, and volunteers from the NGO.

15. Tree Plantation Drive at Dr. Sahib Singh Verma Stadium, Madipur, New Delhi on December 26, 2023

On December 26, 2023, a tree planting event was conducted at Dr. Sahib Singh Verma Stadium in Madipur, as part of the continuing environmental initiative.

During this event, 50 saplings were planted, with significant participation from volunteers of various NGOs.

16. Tree Plantation Drive at Dr. B.R. Ambedkar School of Specialised Excellence, Janak Puri, New Delhi on March 7, 2024

On March 7, 2024, Being Green, in partnership with Concentrix Daksh India Pvt. Ltd., organized a significant Plantation Drive at Dr. B.R. Ambedkar School of Specialized Excellence in Janakpuri.

This initiative aligns with the NGO's continuous efforts to enhance green spaces in educational institutions and foster climate awareness among young individuals. A total of 600 saplings were planted on the school grounds, featuring species chosen for their ecological durability and air-purifying properties.

The event saw enthusiastic and meaningful involvement from students, teachers, volunteers from Being Green, and employee volunteers from Concentrix Daksh. The plantation drive not only improved the green landscape of the school campus but also provided a hands-on learning experience for students, highlighting the significance of biodiversity, sustainability, and shared responsibility.

Being Green has pledged to provide ongoing maintenance and care for the saplings, ensuring a lasting impact and sustainability.

17. Tree Plantation Drive at MCD School, Rampura, New Delhi on March 16, 2024

A successful plantation drive was conducted on 16th March 2024 at MCD School, Rampura, where 550 saplings were planted to promote environmental sustainability and awareness among students and the local community.

The initiative was generously supported by Concentrix Daksh India Pvt. Ltd., whose commitment to corporate social responsibility played a vital role in making the event impactful.

18. Tree Plantation Drive at Dr. Sahib Singh Verma Stadium, Madipur, New Delhi on March 19, 2024

On March 19, 2024, a significant plantation initiative was held at Dr. Sahib Singh Verma Stadium in Madipur, West Delhi, with the generous backing of Cummins India Foundation. This event was notable as it was the first official plantation drive entirely supported by Cummins India Foundation, encompassing both financial and human resources.

A committed team from Cummins collaborated with Being Green, schoolchildren, college students, volunteers, and gardeners to successfully plant 1,000 saplings within the stadium grounds.

Approximately 100 participants contributed to the success of this environmentally focused endeavor, showcasing a strong sense of community and teamwork.

In addition to facilitating the plantation, Cummins India Foundation also provided manpower resources for the ongoing care of the saplings. Moreover, Being Green has pledged to ensure the continued survival and nurturing of the plants, thereby reinforcing the long-term sustainability of the initiative.

This collaborative effort signifies a crucial advancement in urban greening, community involvement, and environmental conservation, paving the way for future public-private partnerships in ecological stewardship.

About Cummins India Limited:

Cummins India Limited, established in 1962 and headquartered in Pune, is the largest entity of Cummins Inc. in India. It is a leading manufacturer of diesel and natural gas engines, operating five state-of-the-art manufacturing plants and over 480 customer touchpoints across the country. As of 2025, Cummins India continues to play a vital role in powering India's progress through technological innovation and community involvement.

About Cummins India Foundation (CIF):

The Cummins India Foundation (CIF) is the philanthropic arm of Cummins India, dedicated to promoting sustainable development through initiatives in education, environment, healthcare, and community empowerment. Established as part of Cummins Inc.'s global CSR commitment, CIF operates in Maharashtra and other regions where Cummins has a presence, with the goal of making meaningful and lasting societal impact.

About Dr. Sahib Singh Verma Stadium:

Located in Madipur, West Delhi, Dr. Sahib Singh Verma Stadium serves as an important community sports and events hub. It regularly hosts cricket matches, athletic competitions, and community gatherings, and is a platform for promoting local talent and encouraging physical fitness among residents. The stadium's role in hosting events such as this plantation drive highlights its broader function in community development and environmental initiatives.

19. Tree Plantation Drive at Govt. Model Sanskriti Primary School, Shiv Colony, Naharpur Rupa, Sector 33, Gurgaon, on March 30, 2024

Being Green, with the valuable support of Concentrix Daksh, successfully organized a Tree Plantation Drive at Govt. Model Sanskriti Primary School on March 30, 2024. This event marked the first plantation initiative supported by Concentrix in the Gurgaon region, setting a positive precedent for future environmental collaborations.

As part of this green initiative, 150 saplings were planted within the school premises, aiming to create a healthier, greener, and more sustainable environment for students and the surrounding community. The participation of volunteers, school staff, and the local community added to the success and spirit of the event.

We extend our heartfelt thanks to Concentrix Daksh for their support and commitment to environmental sustainability.

Children Education Programme

1. Children's Education Program at Government Girls Senior Secondary School, Nithari Village, November 4, 2023

On 4th November 2023, a Children's Education Program was successfully organized at the Government Girls Senior Secondary School (GGSSS), Nithari Village, implemented by Being Green and supported by Concentrix Daksh under its Corporate Social Responsibility (CSR) initiative.

Responding to a formal request from the school administration, Being Green approached Concentrix Daksh to support the establishment of a computer lab within the school. Recognizing the importance of digital literacy, Concentrix Daksh generously provided 15 desktop computers to facilitate the setup of the Computer lab.

This initiative was driven by Smt. Meenakshi Sethi, the Vice Principal of the school, who took the lead in highlighting the need for computer education resources—especially for girl students, empowering them with essential digital skills for their academic and future career development.

The establishment of the computer lab marks a significant milestone in promoting digital inclusion and education equity. This effort not only supports the academic growth of the students but also aligns with broader goals of empowering young girls through technology and education.
