## **Forward**

I am happy to present the Annual Report of DAPTA for 2014-15 on its completion of 25<sup>th</sup> eventful journey. Born as a Development support Organization, it has diversified its role in order to develop deprived community and poor people. Since its inception, the organization has given priority to Women Empowerment and development of tribal people in the Dist. of Kalahandi. As Kalahandi has several problems which is affecting poor and tribal of Kalahandi, DAPTA as a development organization has given more focus to work on these issues with the involvement of community. Witnessing the field reality DAPTA is working with some network partners for the empowerment of women in Kalahandi as well as at Kandhamal. Also this year DAPTA has studied the socio economic status of one block of Deogarh and one block of Nabarangpur district of Odisha for future intervention if needed. This year we had more focus on women and primitive tribe which will continue in future and we have planned to go miles and miles before we put a full stop.

On behalf of DAPTA, I express my deep gratitude to all our donors, Madhyam Foundation (AWO International, NRLM Project) THE HUNGER PROJECT, Central Social Welfare Board, State Social Welfare Board, SAATHII Kolkata, OSACS Bhubaneswar, NABARD Kalahandi, WCD Kalahandi, NRHM Kalahandi, IPE Global, TDH (ER) who has supported us for the development of vulnerable people of Kalahandi. Also we are grateful to some of our non funding partner like CACL Odisha, MITRA (CHB) Bissam Cuttack and Lok Adhikar Samukhya, Kalahandi those have provided us platform to share our concern and issues.

Also I express my heart felt thanks to all our NGO partners, Govt. functionaries, PRI Members, Media persons and Different stake holders (SHG, Teachers, AWW and ASHAs), Media and general public those have directly and indirectly supported our movement.

**Raju Sharma**  
**Secretary, DAPTA**

## **COMPREHENSIVE COMMUNITY HEALTH DEVELOPMENT PLAN**

The Comprehensive Community Health Development Plan implemented by DAPTA started from 16<sup>th</sup> March, 2015, the main objective of the project is to improve the quality of the life of the people of the targeted community, to improve the health status through empower and aware educate the community with active community participation and strengthening the service delivery mechanism. The adopted strategies are local and focal by nature. The community is involved in the entire implementation process. The main objective of the programme is to reduce the burden of IMR/MMR by reducing the sufferings and drudgery caused by malaria, diarrhea, malnutrition, anemia with the planned strategy.

The team members and Swasthya Saathis organizing community level meetings and FGDs in order to enhance the knowledge of the target community to prevent malaria, diarrhoea, pneumonia, anemia, malnutrition above diseases and diseases most attributes in increasing the IMR and MMR burden. Besides this video shows, training, workshops were organized to strengthen the process. Community participation has remained the core value from the beginning in order ensure sustainability. Meetings were organized with Health Service providers to enhance fellowship (Team and Swasthya Saathis) the message has reached the community. In the communities, we would see the behavior change which would only bring the desired change, expected outcomes. The knowledge has to get converted into practice.

### **Objective:**

- To improve the health status of people from 109 villages in Lanjigadh Block by reducing malaria, diarrhea, anemia and malnutrition through strengthening the service delivery mechanism and Community Participation.
- To reduce IMR less than 50 per thousand live births and MMR less than 150 per 100000 live births

19	HRP identified	35		Pregnant Mother	Follow up going on
20	Symposium on safe delivery and healthy neonate	1		200 SS, ASHA, AWW, ANM	Chief District Medical Officer (CDMO) inaugurated and reviewed the progress

### Outcomes

- Enhanced knowledge and skill of the community to prevent diseases like malaria, diarrhea, anemia, pneumonia, malnutrition.
- Enhanced community participation.
- Built environment for positive health seeking behavior and accelerate institutional delivery.
- Increased acceptance, recognition and adoption of scientific, modern and evidence based diagnosis and treatment protocol.
- Increased awareness, sensitization and knowledge over the community level health issues and its prevention by the school goers.
- Increased awareness and education at household level through a child (school goers) to parent communication.
- Increased hygiene at household level.
- Parasite load cleared for 410 U-5 malaria +ve children out of a total test 1073.
- 74 mothers screened and 27 malaria +ve pregnant mothers referred to appropriate facility for further treatment care.
- 501 instant fever cases attended during the mal-mal camp, out of which 218 malaria +ve cases received complete treatment.
- Point prevalence among U-5 children came down to 38%.
- Total number of 1008 U-5 children attended growth monitoring activity out of which 792 came under Green Zone, 166 came under Yellow Zone and 50 children came under Red

Zone, the percentage of Red zone children has been reduce to 4.96, where as the percentage of yellow zone children 16.46 (source Mal-Mal).

- Increased awareness, sensitization and education through audio visual show.
- Increased behavior change (positive health seeking behavior).
- Increased use of mosquito net.
- Reduction in Budu Bath.
- Increased functionality of Bengaon PHC (New) through the establishment of microscopy centre (earlier it was opened for 2 hours for 2 days in a week, now it remains open during the entire day).
- Increased active surveillance through the establish microscopy centre in Bengaon GP.
- Acceptance, recognition and adoption of modern evidence based medical treatment and care by traditional faith healers (they are keeping iron folic tablets and ORS with them and giving to the needy when ever require).
- Increased capacity of swasthya saathi.
- Reduction in the sufferings and drudgery of chronic and critical patients with appropriate referral and treatment.
- Increased nutrition level of SAM children and other malnourished child by NRC referral, treatment (infections and sickness) and proper counseling.
- Increased knowledge on ANC, PNC, anemia, institutional delivery, infant care and child care through FGDs.
- Reduced malaria positivity with early identification and complete treatment at village level and the institution level as well.
- Increased personal protection from malaria for the pregnant, lactating, infants and children through supply and use of ITMN.
- Additional increased protection ensured through neem oil repellent.
- Increased registration of pregnancy and ANC check up.
- Increased use of iron folic tablets by ante natal and anemic mothers.
- Ensured early identification of HRPs at community level.
- Active surveillance of TB and leprosy patients.
- Increased institutional delivery from 33% (baseline) to 53.5%.

### WASH ACADEMY & COMMUNITY LED SANITATION

Women's Self Help Groups have been instrumental in implementing rural sanitation movement in many parts of Odisha. It is a body of united and aware women at village level who often have limited exposure of enterprise development. In Kalahandi, located in Balrampur village under Bhawanipatna Block, Mahalaxmi pariba utpadanakari samabaya samiti ltd. was identified. Its members were earlier trained on CLS by TMST and since then, it has been played a crucial role in ODF movement by sensitizing other SHGs on WASH in the surrounding areas. The federation members were some experience in managing small enterprises & vegetable cultivation beforehand.

In order to support the identified SHG in implementing WASH Academy, a local NGO, DAPTA, which has nurtured the SHG since its inception was given the task to provide handholding support as Mentor Organization in terms of establishing the system and more crucially the market linkage.

To introduce the members of the SHG with the complex, state of the art green technologies, CORE, an organization with long standing reputation of building skills of SHGs in green building technologies, was appointed as Technical Facilitating Organization.

#### The implementation strategy:

In order to implement the WASH Academy in Kalahandi to achieve the abovementioned objectives, a three staged implementation strategy was developed.

- Stage I: Establishment of WASH Academy
- Stage II: Operationalization of WASH Academy
- Stage III: towards sustenance of WASH Academy

SI No	Type of Activities	No	Place & date	Type and no of participant	Input	Output
1	Dist. Level Introduction Meeting	01	DRTC,DAPTA, Kalahandi & 31 <sup>st</sup> October 2015	Women SHGs Members, RWSS, DWSS, CDPO, Collector, NGO partners.	A presentation on the concept of the WASH Academy done & share similar experience.	The concept of the WASH Academy is introduced.

### **PROJECT SANDHAN (ISSUE BASE ADVOCACY & RIGHT)**

Project SANDHA is meant for issue based advocacy, right to livelihood and research study. In this programme, this year DAPTA had various programme on the burning problem on domestic violence and trafficking. This year DAPTA had organized 24 nos. of sensitization programme through rally, village meetings and leaflet distribution in 7 nos. of block of Bhawanipatna.

#### **AWARENESS CAMPAIGN ON VIOLENCE AGAINST WOMEN-**

Objectives of the campaign-To create opportunity for "ALIBHA" federation and MAS member for raising awareness on violence against women and increase women's safety in locality. To create awareness building on various laws related to women violence among community.

Planning meeting-Before the campaign a core committee of THP activities was held in the project office of DAPTA and chalk out the campaign process. It was also discussed in cluster level "ALIBHA" federation and Mahila Adhikar Samukshya meeting on women violence in their meetings and details planning were made in daily basis. As per the planning name list was prepared in the meeting who are involve directly and carry out the campaign activities. Allocated persons are taking their responsibility successfully in the campaign.

Inauguration of campaign: The Violence against Women Campaign 2015 was conducted one day each in six blocks in three villages for 7 days, covering 20 GPs, from 01.12.2015 to 07.12.2015. In the first day a decorated van with creative posters on VAW issues and a folk dance group. The Campaign was inaugurated at Borguda village of Karlaguda G.P by the ALIBHA Federation member Mrs. Saibani Odia and Mrs Rajkumari Naik. In the inaugural speech Mrs. Saibani Odia and Program Coordinator Mr. Tribhuban Pujhari had encouraged the community participants to raise consciousness to stop domestic violence, sex-selective abortions, malnutrition, and sexual harassment at work places and to make advocacy on women's rights and gender equality. 105 numbers of women, 72 no's of men, 06 no's EWRs, 66 no's of students, altogether 249 no's of participants had attended at the inauguration program.

Village meeting-The VAW campaign had a goal of raising consciousness among men and promoting changes in attitudes in order for men to accept responsibility for avoiding violence. Strategies to increase the campaign's effectiveness, the EWRs had taken responsibility by giving short speeches on the causes and prevention of VAW issues in the village meetings as well as to raise

awareness and to protect human rights from gender based violence. During the campaign many men, women, school & college students and youth had shared about the cases of violence against women including female feticide, early marriage, dowry torture, trafficking and other violence activity towards women and girls. For the purpose a vehicle (van) had been design and decorated with photographs/ pictures on women violence, information board and sound system. There were 11 no's of village meetings and were organizes in the 02 no's of villages of the each block. In those meetings around 3965 men, women, AWWs, school teachers, ASHA and student actively participated in those meetings."ALIBHA" federation leaders were take leading role in those meetings. Before the meeting as per schedule federation leaders were inform to the villagers about venue, date and time of the meeting. During the meeting date leaders and our volunteers again announce about the meeting by mike. In one meeting 02 leaders were attained and discussed about cause and eradication of women violence issues.

Folk dance- After the village meeting the folk dance group was performed their dance with a VAW message song in local language. There were 10523 no's of viewer saw the dance in 11 no's of village. Our volunteer Mr. Madhusudan Tandi singing a song with a dramatic style and attract villagers. In the song awareness message on VAW, requested to victims for quick complain in the service provider agency. General message to male for not doing any violence to women, otherwise ALIBHA federation will take action and demanded to the service provider to sent jail. After the dance finished federation leaders were promoting slogan on VAW through mike like "AJI AMAR EI SAPATHA MAHILA HINSARA KARIBU ANNTA" and "MAHILA SURAKHYA AINA HELA MAHILA MANANKA MANA RAHILA" & ALIBHA MAHA SANGHA ZINDABAD.

Students meeting on VAW- There were 03 no's of students meetings were organized in the KGVB school in Bandhapari of Lanjigarh, +2 college of Thuamul Rampur and Koksara block. In the meetings both boys & Girls student were participated and discussed women violence and gender discrimination in our society. Teachers and lecturers were participated in the meeting and discussed the above issue with students. In those meetings total 347 no's of student (Boy& Girls) were actively participate in the meetings. In the students meetings we were discussed regarding how to safe if they face any probable violence. Face the violence with courage to protect for zero tolerance, if any problem arises then shouted with craaaaa and appealed for help to the community, mobile users students can setting their mobile in speed dial service and save the mobile numbers of police and their parents as well as family members.

Signature campaign-There was a signature campaign in a flex banner. EWR, College students and EWRs, MAS member and villagers were put their signature and declared I will oppose the women violence and zero tolerance on VAW. In the campaign there were around 780 signature collected and create awareness to prevention of domestic violence. The signature campaign conducted in 12 villages.

Road show- The van moving slowly in the road and our volunteer distributed leaflets and poster. It is done in 09 villages and IEC materials distributed to 899 no's of villagers. Our Volunteers were promoting slogan on VAW through mike like "AJI AMAR EI SAPATHA MAHILA HINSARA KARIBU ANNTA" and "MAHILA SURAKHYA AINA HELA MAHILA MANANKA MANA RAHILA" & ALIBHA MAHA SANGHA ZINDABAD.

Basing on our sensitization programme 139 nos. of domestic violence cases was referred to our Family Counselling Centre from the field. Out of that 79 cases settled. This year DAPTA had conducted 10 nos. of life skill education training for adolescent girls of Lanjigarh Block in which 400 nos. of girls trained and they had gone for exposure visit to different institution like police station, hospital, railway station, govt. office and banks etc to enhance their knowledge and skill. Basing on the earlier survey DAPTA has collected information of 4238 single and distress women and have sensitize them on different govt. programme and possible solution of their problem. Also this year, DAPTA has distributed 1648 nos. of usable not used old cloth to poor people those have nothing to

wear. This programme could be successful with the support of local Siridi Sai temple those had donated cloth materials during winter season.
