Foreward

I am very glad to present the Annual report of 2016-2017 in which year the organization has completed its 26th eventful journey, DAPTA is a development support organization has diversified its role in sustainable development of down trodden people, marginal community with a special focus to the development of women , children and tribal people of Kalahandi and other tribal areas of Odisha. Since its inception DAPTA is working on five numbers of issues like women empowerment, Agriculture and livelihood, Health care, Education & child right and Humanitarian supports. Witnessing ground reality, we are working with some other network partners. DAPTA usually work for the people with community participation, community involvement and community led evaluation process to lead a sustainable change. This Year DAPTA has covered a large number of women and children mostly in its all project.

On behalf of DAPTA, I express my deep gratitude to all our donors like The Hunger Project ,Central Social Welfare Board, State Social Welfare Board, AWO International , Madhyam Foundation , NRLM,OLM,NABARD, TATA TRUSTS, OSACS,BNI,TDH , CEE/UNDP , Basic Need India , WCD Dept. and other donor partners. Moreover, we are grateful to different Govt. Depts, NGO partners Lok Adhikar Samukhya, individuals, journalists ,friends and associates those have supported DAPTA to achieve its objective and to touch the mile stone which is yet to achieve, yet to run more and more.

Raju Sharma Secretary, DAPTA

PROJECT SASHAKTI (WOMEN EMPOWERMENT

Since the inception of DAPTA, women empowerment has remain as a mandate.DAPTA has been working relentlessly towards the socio political and the socio economic empowerment women. With regards to the socio-political empowerment ,DAPTA is working in in 92 Panchayat of 6 blocks namely Bhawanipatna, Lanjigarh,Th.Rampur, Koksara, Junagarh , and Karlamunda of Kalahandi district. The objective of the programme is to eradicate hunger and exploitation in the Panchayat and better management of the Panchayat and its Fund by empowering elected women PRI members. DAPTA is trying to ensure enhanced transparency and accountability at panchayat level by augmenting the capacity and efficacy of the elected women PRIs through several capacity building programme. The enhanced capacity and efficiency of the women PRI members in turn significantly contributes towards the realization of several social security benefits to the people and more specifically to the women. The women PRIs are playing a crucial role in

reducing violence against women at household level and community level as well. This year DAPTA has undertaken several activities as follows in order to achieve the desired objective.

<u>Project Title</u> – Enhancing Capacity Building of EWR And Strengthening Women's Leadership in Local Governance

Supported by - The Hunger Project.

PROJECT SHYAMALA (LIVELIHOOD ENHANCEMENT AND FOOD SECURITY)

The main source of livelihood of the people in Kalahandi is agriculture. DAPTA is working in Bhawanipatna block of Kalahandi district to enhance the livelihood security of its targeted population. Most of the families where DAPTA works are small farmers, Marginal farmers and share croppers. From the inception of DAPTA, the organization is working with small and marginal farmers to enhance their farm income to enhance their economic status. Since Women plays equal role like men in agriculture, DAPTA has organized women farmers through SHGs & Cooperatives and offering hand holding support by building their capacity and providing forward and backward linkages. The women farmers are doing commercial vegetable cultivation through an organic mode. They are producing vegetables round the year. The vegetables produced by the women farmers have high demand locally and in Bhawanipatna town too. To upscale the knowledge and skill of farmers DAPTA organized periodical training programme for the farmers besides on site field level orientation. The cooperatives to their credit have setup 2 nos. of farmers market for easy and early selling of their produces. Apart from the training DAPTA has also organized exposure visit & district level inter face of the stakeholders minimize the constrains and to maximize the opportunities during the year the following activities are under taken.

<u>PROJECT TITLE</u>- "Empowering women of vegetable growers co-operative. <u>Area of Operation</u>: -Risigoan G.P, Bhawanipatna Dist. Kalahandi. <u>Supported by</u>- Madhyam Foundation & AWO International, Germany

Project Title: Promotion of Intensive Millet Cultivation

Area of Operation: 20 villages
Supported by: CEE, New Delhi.

DAPTA has undertaken intensive Millets cultivation in Bhawanipatna block with the support of Millets mission this year. The objective of the programme is to promote Intensive Millet Cultivation in Tribal and rain fed areas. DAPAT is covering 98 nos. of villages and 8 no of GPs in this programme. About 500 farmers are covered in intensive Millets cultivation covering 330 hectors of land. Since about 60% of the lands are up lands, usually those lands remain barren. Through this programme those up lands are slowly come into the productive fold.

To promote intensive traditional Millet cultivation in order to increase consumption of Millet at house hold level to mitigate the nutrition gap in tribal and rain fed areas by creating Millet- hubs including fair trade marketing arrangement.

WASH ACADEMY

A fly ash bricks making units has been established through Wash Academy(Parimala pratisthan) as an income generation opportunities for women cooperative members. Mahalaxmi Pariba Utpadanakari samabaya samiti of Gudialipadar run and manages the bricks making units. They produce environment friendly bricks and sale it. They are also producing rings made of made of cement . Through the units they were able to sale bricks for 460 sanitary latrines. They have set an example and now they have proved themselves as a front runner in the Swachh Bharat Mission initiatives. The cooperative members those who are engaged in the bricks unit now have a permanent livelihood earning a handsome amount and supplementing their family income.

PROJECT SWASTHYA (HEALTH FOR ALL)

The community health initiative remains one of the DAPTA's flagship services in order to make people to lead a healthy life with dignity. Community participation and ownership are the key which leads the process. Reduction of Malaria prevalence, IMR and MMR burden, Community Mental Health care and HIV/AIDS prevention and care remained the focus during this year.

Project Title:-Comprehensive Community Health Development plan.

Area of Operation:- 110 villages of Lanjigarh block Supported by- Tata Trusts

Objectives

- To improve the health status of people from 110 villages in 7 Gram Panchayats in Lanjigarh Block by reducing the risk and burden of Malaria, Diarrhea, Anemia, TB and Malnutrition through strengthening the service delivery mechanism and community participation.
- To reduce the IMR Less than 50 per 1000 live birth and MMR less than 150 per 100000 pregnancy/deliveries.

The **Comprehensive Community Health Development Plan** was rolled out by DAPTA from 16th March, 2015, the main objective of the project was to improve the quality of the life of the people of the targeted community, to improve the health status through empowerment and aware the community with active community participation and strengthening the service delivery mechanism.

The roll out plan was designed for a period of 3 years. It started from 16th March, 2015. This was the 3rd year. The reporting period is from 1st March, 2017 to 31st March, 2018. A tireless effort was made to reinforce the key health messages to increase community capacity to prevent health hazards.

Engagement with Adolescents and mothers was the focus in the 3rd year. 11 nos. of GP level Health camps organized in this year. Apart from that, school health education and school level competition was crucial in increasing the knowledge and skill to prevent Malaria, Diarrhea, Anemia , Malnutrition & T.B. Through health education and awareness building ,the access to health institutions and services has been enhanced which is evident from the institutional delivery rate from 33% to 71%. Malaria positivity, Malaria point prevalence, No of infant deaths has been vertically declined in this reporting period. The demand and accessibility has been remarkably enhanced. Mothers have been educated on importance of antenatal and Post natal cheek up & immunization. 3rd year result shows there is a positive trend of change in the health behavior of the community. An innovative tool of **PIGGY BANK** to increase institutional delivery was successfully demonstrated and proved to be instrumental in increasing the institutional delivery rate.

During this reporting period several activities were carried out in order to reinforce the key health messages to bring the desired behavior changes. Besides community health education meeting FGD, Ado. Group orientation, Ado. Resource centre, GKS training ,mothers Quiz competition, Adolescent quiz competition, school health education and quiz, service provider meeting were conducted during the period. Apart from this health camps,

Mal-Mal camps was also conducted. Cultural programme , mass awareness rally by mothers and adolescent organized in 66 villages. In addition to this regular activities like ED&CT, Growth monitoring, audio visual show, referral strengthening was part of programme as per the plan. To enhance the team efficacy, training programme for the Swasthya Saathi and project staffs also conducted during the reporting period. And meeting with service providers was organized at cluster level to enhance the support and coordination mechanism to achieve the objective. Two nos. of district level advocacy meeting organized during the reporting period where C.D.M.O, Kalahandi, DPM, NHM, Kalahandi, B.D.O, Lanjigarh, M.O, Biswanathpur CHC, CD.P.O, Lanjigarh , Programme Officer, TATA Trust, village Swasthya sathis, NGO, Media PRIs participated.

COMMUNITY MENTAL HEALTH CARE

Area of Operation:- Bhawanipatna Block Supported by- Basic Needs India

In this project we are working with 480 nos of mental ill people in 2 blocks of Kalahandi district. This project is based on community mental health care in which we are involving family members and community people starting from detection of patients , active referral to District mental health unit. DAPTA also facilities the social security benefits schemes like obtaining disability certificate for the people with mental illness. And also the rehabilitation , social mainstreaming and treatment . This project is a very noble project in which 53 nos. of patients have come back to stable conditions .By 2017-18 DAPTA has reached to 365 mental ill patients. DAPTA has also given livelihood support to the recovered patients this year as an income generation activity. This apart community level sensitization meetings carried out in several villages to create an enabling environment for the people living with mental illness and to minimize isolation & discrimination .

Objective:-

- To ensure regular treatment of the identified PWMIs including identification of new cases through active home visit, follow up action and psychosocial education to the family members.
- To involve ASHA, ICDS workers, Health workers and PRI members for active referral, follow up and realization of entitlements .
- To provide livelihood support for the PWMIs and family members for income generation.
- To strengthen family support group in order to ensure support and care for the PWMIs.
- To initiate dialogue and negotiation with govt. personnel to ensure realization of benefits and entitlements for the PWMIs.

TARGETED INTERVENTION- HIV/AIDS PREVENTION & CARE Area of Operation:- 4 nos. block of Kalahandi Supported by:- OSACS, Bhubaneswar

GOAL:

The goal of NACP-IV is to Halt and reverse the epidemic in India over the next five year.

OBJECTIVE:

- Prevent Infection through Saturation of Coverage of High risk group with targeted Intervention Scaled up Intervention in the general population.
- Provide greater care, Support & Treatment to larger number of PLHA.
- Strengthen the Infrastructure, systems & human resources in prevention, care &support programmers at district, state and National levels.
- Halt & reverse HIV&AIDS with Transgender.

HALT & REVERSE HIV/AIDS WITH TRANSGENDER:-

DAPTA TI Project is being implemented from the year 2009. We work for the MSM/TG Community. We operate in four clusters in Kalahndi district under Bhawanipatna, Lanjigarh, Jaipatna & Junagarh, block. We have reached a total number of 336 targeted key population. Out of which 266 is TG & 70 are MSM. We mainly focus to provide clinical services such as HIV testing, VDRL testing, RMC check up and TB testing. Besides, we also give priority to link the key population in various Social Security Schemes & provisions. We also organize cultural and community events as part of the strategy to spread and propagate desired key messages

MAJOR ACTIVITIES

HOTSPOT LEVEL MEETING:

60 Hotspot meetings organized with the help of peer educator targeting the TGs and MSM in a regular interval in-order to reduce the vulnerability of the targeted key population through awareness and counseling. The objective behind the activity is to increase blood testing, protective sex . Discussion is also held on signs and symptoms of HIV/AIDS, STI/STD, ART & safe behavioral practices. During the year we covered 336 key

population through the hotspot meetings. 30 new HRG (key population) identified during the meetings.

DIC LEVEL MEETING:

DIC (Drop in centre) is a best place for HRGs to get Psychosocial Support through STI Counseling, STI Treatment, and Behavior Change Communication (BCC). This is the only

place at where HRGs could get referral support to appropriate Govt. Facility like ICTC Testing, STI Clinic, and ART Centre, DOT Centre. We conduct DIC level meeting twice in every month. This year we conducted 24nos. of DIC level meeting, with the help of Peer Educator and Out Reach worker where about 300 HRGs actively participated.

> ADVOCACY MEETING WITH STAKE HOLDERS:

This year we conducted an Advocacy Meeting where the Medical Officer In Charge of Junagarh CHC including the LT were present. Objective of this meeting was to initiate the HIV testing of Key Population at Sub ICTC of Junagarh CHC. It was decided to have proper coordination and mutual understanding with the staff of Sub ICTC for active HIV Testing. Total participants In this meeting was 13 including the medical officer & LT.

> 30th WORLD AIDS DAY:

World AIDS Day (1st Dec.2017) was observed this year at red cross Bhawanipatna collaboratively both DAPTA & district health administration on 1st December 2017. About 150 people participated. An awareness rally was organized. Among the participants there were key population (HRG), TI staff, Medical staff, ANM, GNM, ASHA, ANGANWADI workers and College students among the participants.

> HEALTH CAMP& IEC CAMPAIGN:

DAPTA organized 2 nos. of Health Camps at Jaipatna and Junagarh respectively. Diagnosis and treatment was provided to MSM/TGs including general population.

Community Event:

On 6 November 2017 TI Project DAPTA organized a Community event for creating awareness among the Key population at Jaipatna. On the eve of this occasion Mr. Abhisek Mohapatra (PM) briefed about TI Project , Components of TI Project ,HIV AIDS and about PLHIV .In this Community Event large no of Key Population were present.

PROJECT SURAKHYA (Education, Child Right & Child Protrction)

EMPOWERMENT OF ADOLESCENT GIRLS (11 YEARS-18 YEARS)

Objective:

- To increase knowledge on Child Right and protection.
- To reduce the early Child Marriage through higher education sensitization promotion.
- To reduce stigma and myths concerning women's health.
- To build up confidence among the girls and encourage the participation in various career development opportunity through peer support.
- To curb the superstitious beliefs and taboos, rituals concerning adolescent girls health.
- To sensitize about the harm effects of early pregnancy.
- To increase knowledge about SRHR (marriage, child-birth, family building and planning.)
- Promotion of gender equity and social justice

The project SABALA is designed for the capacity building of adolescent girls in order to offer them life skill education in order to create an enabling environment and opportunity to lead a meaningful life and protect themselves from various exploitation with increased understanding , knowledge and skill . DAPTA is implementing this programme in Lanjigarh Block with the support of UNICEF and DWCD, Odisha. This year we have trained 40 adolescent girls in the remote pocket of Lanjigarh Block. The topic covered during the training programe was adolescent reproductive sexual health, need and challenges, right and protection, life skill, SRHR, negotiation skill and coping with stress and dealing with emotion.

In addition to this, DAPTA has strengthened 62 numbers of Adolescent girls club members and enhanced their knowledge on their Right, SRHR, Child Marriage, Importance of Education and trafficking. One G.P level federation of adolescent girls named as "MAHAK" was formed and inaugurated to ensure and enhance fellowship among the adolescent girls. The "we feeling" and the sharing among them has motivated them to fight against child marriage and discrimination.

photos

Education and child right is one of the core interest area of DAPTA since its inception. In Kalahandi children do suffer with plethora of problem like high infant mortality, high Mal nutrition prevalence, hazardous labour work, absence of school facility at village, irregular attendance of teacher in school, no quality education, lack of awareness over their right rampant exploitation of children and child trafficking which makes the situation worse. Earlier DAPTA was involved to manage child labour school, school for street children and for destination unknown children. Also DAPTA has strengthened 20 nos. of children group in 20 village. This year DAPTA is continuing the same activities to sensitize children on their right and Follow up activities of destination unknown children campaign . We have health camp for children, Mal-Mal camp (under-5) children, active growth monitoring of under 5 children, strengthening 80 nos. of adolescent girls club in order to educate them and to promote fellowship, other than to increase enrollment and retention formal education. Awareness and sensitization programme with regards to child trafficking , children right and [protection of Child Rights was carried out in different villages as part of DAPTA'S mandate. we have organized 10 nos of health education programme for children in various school and quiz session as a follow up activity to re- enforce the key massages time and again. Besides that DAPTA is managing one play school in Bhawanipatna since last 18 years where 90 nos. of children attending regularly.

photos.

PROJECT SANDHAN (ISSUE BASE ADVOCACY & RIGHT)

DAPTA has carried out following people's advocacy initiative for the better and effective implementation of govt. sponsored beneficial schemes and provisions for the people.

- District level advocacy on PIGGY BANK initiative—DAPTA has successfully come out of an innovative tool PIGGY BANK for antenatal mothers which has been evidently helpful in increasing institutional delivery in the remote tribal pocket like Lanjigarh block. This PIGGY BANK initiative has significantly contributed in increasing the institutional delivery rate from 33% to 71%. Their for DAPTA decided to conduct an advocacy workshop with the district level health administration to showcase the achievement and to put pressure to the authorities to adopt and incorporate the PIGGY BANK component in the IMNCH programme. The chief district medical officer Dr. SK. Tiadi, District programme manager NRHM Mr. Abani Mohan Mohapatra, programme officer Health of Tata Trust Dr. Govind Murari, Mr. R. Sharma, secretary, DAPTA ASHAs, ANMs, Village Swasthya Saathis along with the Health project team of DAPTA were present in the workshop. The initiative was very well recognized and appreciated by the authorities and they shared their positive feedback to incorporate the innovation for the greater interest of the mother and child.
- <u>Block level advocacy for PWMIs-</u> A block level advocacy was organized in the conference hall of Biswanathpur block to discuss the problem face by the PWMIs and to find out a solution to over come. About 50 nos. of PWMIs, their care givers and family members, service providers attended the workshop. Panchayat Samitee Chairman Er Fakir Mohan Majhi , BDO Mr.Pitambar Bhoi, Mr. Manohar Harpal, Former block Chairman, CHC Medical Officer Dr. Malaya Kumar Tripathi and CDPO of Lanjigarh joined the programme. At the end it was decided to conduct a monthly camp in Biswanathpur CHC for the PWMIs where psychiatric physician from the DHH will be requested to be present. This apart all the members present were of the opinion that the social security benefits for the PWMIs should be the priority and to be accelerated. The workshop was moderated by the project coordinator of the Community Health Programme of DAPTA.

▶ ADVOCACY MEETING WITH STAKE HOLDERS IN JUNAGARH:

- This year we conducted an Advocacy Meeting where the Medical Officer In Charge of Junagarh CHC including the LT were present. Objective of this meeting was to initiate the HIV testing of Key Population at Sub ICTC of Junagarh CHC. It was decided to have proper coordination and mutual understanding with the staff of Sub ICTC for active HIV Testing. Total participants In this meeting was 13 including the medical officer & LT
- <u>District level Advocacy on Domestic Violence-</u>
 DAPTA had organized a sensation programme in 6 nos. of block & staged street places in all 97 panchayat.
