GENERAL CONSENT FORM

CONSENT OF THE PATIENT FOR ANAESTHESIA AND SURGERY / ENDOSCOPY / CARDIAC
PROCEDURE/ MRI / CT SCAN / ANY OTHER PROCEDURE

Name of the Patient (Block letters) ABU HURARA

Age / Sex 21/M Unit/Ward/Bed 27/08

Marital Status UM

I hereby make a decision of my own free will and give the consent to the operative procedure
ICR on myself / my wife / son / daughter / husband
/ mother Abu Hurara by Dr. Vathal. And his / her team under any type of
anaesthesia (general anaesthesia / regional anaesthesia / local anaesthesia) as may be deemed necessary
and administered by Dr. and his / her team. The effects and the nature of anaesthesia and the
operation / endoscopic procedure / MRI / CT scan / other procedure have been explained to me in the
language that I understand. I further authorize the team of doctors to undertake any other procedure and
operative intervention, if required during surgery / procedure.

I have also been explained that the operation or procedure involves risks and hazards, which may be
serious in nature leading to morbidity or even fatality. A few complications of the disease and the procedure are
