

A FORUM FOR INDUSTRY-INTERACTION, NETWORKING AND A LOT MORE.

# **ANNUAL REPORT 2021-22**

AUGUST 14, 2022

# **PRESIDENT'S OVERVIEW**

Namaskar to all the esteemed members of the IIT Alumni Centre, Bengaluru and Fellow IITians!

I am delighted to welcome all of you to the Annual General meeting 2022 of the IIT Alumni Centre, Bengaluru.

We have maintained our interactions with the IIT Council and the Ministry of Education. I am happy to report that the 3rd generation IITs have also become our partners and with them on board we now are now interacting with all the 23 IITs. We are on course to have the IITs interact with the industry and hope that the next year will see a lot more activity in this direction.

You will all be happy to know that the structure of our novel building in Bommasandra is now complete. We are in the process of finishing several areas and hope that some rooms will be ready for occupation by October this year. Our top priority is to have the spaces earmarked for the IITs ready so that they can take charge and start their activities in Bangalore. We will also have a couple of seminar rooms ready for operations. I would like to applaud the efforts of the building committee for the tireless work that they have done. Kumar Nadig along with Shanmugam made sure that the structural work was complete within the budget. Now Ravi Kumar is leading the effort for the finishing and interior furnishing. Dhananjay has been involved right through and ensured that the materials and furniture etc. that we needed were acquired at a reasonable cost. We ate planning to have our next major event in the IITACB premises.

The fundraising team coordinated by Dhananjay has done a great job we have managed to raise substantial amount during the year. However, we still need about Rs. 6-7 crores to finish the interior work etc. and develop a corpus for operational expenses. I would appeal to our members to help in raising the requisite funds for IITACB. We are available to assist in any manner possible.

Some IITs have been engaged with us and we have organized their meetings in Bangalore. Once the building is operational all IIT events will be held in our building.

Our Webinars continue to be excellent and attract very good viewership. This past year KS Narayan and Susheela Venkatraman championed the Webinar series, and our thanks go to them. We have had some webinars by IIT Faculty and they were well received.

We are committed, as ever, to create a community and ambience that will enhance the interaction between the Industry and the IITs. Several initiatives are in process, and we should see an escalation of activities in the next year. I would like to thank our Management Committee members who have played a major role in enhancing our interactions with the IITs on one hand and industry on the other hand.

We now have several industries and educational institutions as our Institutional members. Here again I appeal to the IITACB members to help in getting more institutional members. Alongside we also need to increase the number of members and we request that all the currents members play an active role in this.

IITACB with its building in place is poised to enhance its activities. We are in an excellent position to make the difference in the country as per our vision. I am glad that the IIT Alumni have appreciated our efforts and are coming forward to help us in numerous ways. It is this joint effort that will help us in reaching our goals in the years to follow. We need active participation from every one of you for the fruition of the dreams of IITACB and to contribute to the Indian Industry and Society.

#### **PRESIDENT'S OVERVIEW**

The journey of IITACB has been unique and an exciting one and the Management committee is committed to make it a novel and vibrant organization. Ashok Kamath has done a very commendable job as the Secretary of IITACB and has led several initiatives from the front.

Wishing you all the best for 75 years of India's Independence. Jai Hind!

Ashok Misra

# **SECRETARY'S REPORT**

We have finished a dozen years since inception. In the beginning, we thought of ourselves as a social club; now, while we still retain the core of social networking, we have started to project an audacious vision of getting IIT alumni to catalyze strong and sustainable relationships between the IITs and the Industry at large.

Members will recall that the IITACB has been designed to be:

- An Institution of learning and rigour
- A Centre of culture that is unique to the IITs
- A hub of innovation through collaboration
- A place that is memorable and home-like to all IIT alumni.

It is fitting, therefore, that this has been reflected in the physical building that is slowly but surely coming to a finish. Two years of pandemic-induced lockdowns caused us immense delays, but now the civil works are complete, and we are in the finishing stages. Supply chain delays have also given some grief as we struggle to get all the building supplies on time. Currently, Phase 1 of the project that includes The lobby and reception area, The Exhibition Area, Offices for all 23 IITs and The first floor and basement level 1 will be ready by the end of this year by which time we hope we will have started operations from this facility.

From the Managing Committee of IITACB, Kumar Nadig, GK Ravikumar, K. Shanmugham and Dhananjay Collur have dedicated many days of their personal time to manage the construction of this massive facility and, on behalf of the Members, he thanked them for their efforts. The IITACB Finances have been very astutely managed by Treasurer, Dhananjay Collur whose efforts were much appreciated for his unstinting efforts to maximize our earnings by making appropriate deposits. As IITACB moves into calendar 2023 and beyond, it is expected that there will be more operating expenses since there will be a need to invest in the maintenance of the new facility – security, housekeeping, etc.

On the Projects front, several efforts have been initiated and he shared information on a couple of these:

1. IITACB had catalyzed an effort into "Speech-to-Speech Translation of Tribal Languages using Deep Learning Framework". IIT Dharwad was the anchor IIT in this case along with IIT Hyderabad and IIT Bhubaneswar and IIIT Dharwad as participating institutions. The teams from these four institutions have done a significant amount of work in tackling tribal languages – four specific languages are being considered in this phase but the technology being developed will allow extending this to many more tribal languages. One of the key requirements is the ability to collect, curate and store speech data and to make this happen several local non-profits have also been engaged by the team.

2. Last year, Delhi's International Airport was severely impacted by heavy rain that had caused flooding of the runways and much more by way of damage. To address this, the management of the Delhi Airport (GMR Group who are now an Institutional Member of IITACB) approached IITACB who connected them to experts in IIT Guwahati. Subsequently, a project has been initiated and we hope the problem will be resolved before the severity of this monsoon hits us. Many such efforts have been initiated but we need to be able to facilitate many more such projects in the future. Susheela Venkataraman, Anand Talwai, PSV Ananth Narayan, Siddharth Das and others from the Managing Committee have been generously giving their time to make projects like this happen.

The Membership has been steadily growing but, in the coming quarters, we would like to see an accelerating rate of memberships into IITACB. During 2021-22, IITACB added several Institutional Members, both from the academic and industry worlds.

Our Membership Committee comprising M. Thiayagarajan and Seema Sibal have worked tirelessly in cleaning up our databases and will be available to respond efficiently to any membership queries. On behalf of the Managing Committee, I request all our members to bring in new members to IITACB.

One of our efforts from the onset of the pandemic was to bring in regular webinars on a diverse range of topics. During 2021-22, IITACB hosted 18 such webinars and here are some interesting statistics:

- The average number of registrations was 359
- The average number of attendees was 157 translating to a 44.9% attendance rate.
- On our YouTube channel we had:
- 186,557 impressions with a click through rate of 2.5%
- 13,961 views during the year.
- Our mailing list has about 8,000 people

Many thanks to Susheela Venkataraman, Prof. KS Narayan and Sushmita Ananth for hosting these webinars.

IITACB has signed a reciprocal arrangement with the IITAIIC in Chennai (https://iitalumnicenter.org/). Our members can use their facilities and vice versa.

IITACB has received a Trademark for IIT ALUMNI CENTRE from the Trade Marks Registry of the Government of India.

In conclusion, I thank our Statutory Auditors M/s. S. Ramprasad & Co., for their professional services to IITACB. A big thank you to the managements of the Koramangala Club and the Bangalore International Centre (BIC) for allowing us to conduct our events. Finally, a big round of thanks to the IITACB office bearers – Prof. Ashok Misra, President PSV Ananth Narayan, Vice-President; Dhananjay Collur, Treasurer; and Susheela Venkataraman, Joint Secretary.

Stay Safe and Stay Healthy !

Ashok Kamath

# TREASURER'S REPORT FOR FY 2021-2022

During the financial year 2021-22, the total Operational Expense was Rs.16.39 lakhs. On the income side, IITACB received Rs.11,39,521/- as FD interest and Rs.25,441/- miscellaneous income (interest on IT refund). The shortfall was funded by Corpus Fund through membership.

Towards the new building, the cumulative spend as on 31/3/2022 was about Rs.14 crores. Towards the Building Development Fund, IITACB received Rs. 1.55 crores from the IITs and other monies of Rs.0.75 crores totaling to Rs.2.3 crores

Towards membership, we received Rs.1.25 crores towards Institutional Membership @ Rs.25 lakhs each from SRM Institute of Science and Technology, Godrej Industries, Delhi International Airport, Gokula Education and Forbes Marshal. 24 New Life Members have joined us taking cumulated Membership amount to Rs.1.44 crores.

# **UPDATE ON EVENTS / WORKSHOPS HELD DURING 2021-2022**

18 webinars were conducted during the year 2021-22.

They covered a wide range of topics from Mining, 5G communications, Wootz steel, Superconductivity, etc. Although the webinars were well received, there is scope to improve viewership.

All the webinars may be viewed at: <a href="https://www.youtube.com/playlist?list=PL0zMQ-70IHIX-df3u2Tto6dkKHCRC6iFL">https://www.youtube.com/playlist?list=PL0zMQ-70IHIX-df3u2Tto6dkKHCRC6iFL</a>

### **NEW INITIATIVES :**

- (a) deep dive technical webinars we have already done one with IIT Jodhpur on VLSI and Smart Cameras; and
- (b) Joint webinars in partnership with the Infosys Prize

In the pipeline for **PROJECTS**, there is an intense engagement between one of the IITs and a company based in Pune; an effort to put together a group to address wireless technologies is happening; etc.

# **REPORT BY THE MEMBERSHIP COMMITTEE**

## Total Members as on date: 251

Invited Members	8

# **BUILDING COMMITTEE REPORT AS ON MARCH 31, 2022**

Structural work on the new facility is complete and now the finishing efforts have begun. There are a couple of minor structural changes that need to be done which will be completed very soon.

Ravikumar gave a brief on the current status of the facility by describing the definition of Phase 1 of the project and staring the project plan:

### PHASE 1

- Basement 1 Seminar Hall, Offices, Library
- Ground Floor Reception, Lobby with 20 seats, Coffee Shop, Deck with 20 seats, Seminar Hall, Multi-purpose Hall, Interview Room
- Mezzanine Floor IITACB Office
- First Floor IIT Offices fully furnished, Director's room
- Second Floor 400 seat Meeting Hall

#### INDEPENDENT AUDITOR'S REPORT

To the Members of M/S.IIT ALUMNI CENTRE, BANGALORE

#### Opinion

We have audited the financial statements of **M/S.IIT ALUMNI CENTRE, BANGALORE**, which comprise the balance sheet as at March 31, 2022, Receipts and Payments account and Income & Expenditure account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the entity as at March 31, 2022, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

#### **Basis for Opinion**

We conducted our audit in accordance with Standards on Auditing (SAs) issued by ICAI. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### **Chartered Accountants**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
