Dear well-wishers and friends,

It is my pleasure presenting financial & activity report of Anjali for the year 2015-2016.

The year kept us busy providing properly maintained and orderly treatment facilities for the patients, conducting cataract operation camps, surgical operation camps in tribal areas and a blood donation camp.

In order to provide more space, comfort & facilities to the patients and their relations, necessary changes and additions were initiated which are under way.

Health care facilities are increasing, Govt. health care programmes are also on rise, with improvement in roads, the health facilities are easily approachable but for the poor and the underprivileged, it is still very difficult to access proper health care. It seems there is paucity of centers providing 24 x7 regular, responsible & subsidised health care near by the communities.

Women are inseparable part of the society, social changes in the community are possible through them. It is perceived that without support of men, the pace & momentum of the process is very slow. Present environment is pro- women, at the same time due to incidents of rape & harassment it is perceived to be against women.

Amidst this scenario it seems rather difficult to involve women in the process of social change. Even though they know & understand they are helpless and feel restrained. Those who have joined saving groups, provided support to their families in social and financial needs. This instills hope and enthusiasm.

The process of Environment Enrichment is gaining momentum. There is a special joy and satisfaction in these activities.

All this has been possible through support, assistance and cooperation of all the friends, well wishers, workers and donors.

You are welcome to visit us here at Ranasan, see the activities and go around the greenery being created.

Anita Shah

Managing Trustee

Anjali was established in the year 1988. The activities of the organisation were initiated on 29th January 1989.

The founders after completing higher education, formed Anjali in order to use their skills & capabilities for the poor and the needy.

Anjali is a voluntary organisation based in village Ranasan. Ranasan with population of 5000 is a village in Talod taluka of Sabarkantha district in north Gujarat in India

Beginning was made with health activities, the poor and the needy being the target population. The health activities developed progressively and other activities were included as the needs were perceived

At present the activities of Anjali are, a 75 bed Anjali Hospital, women's programme in 48 interior villages (on the platform of saving groups) and environment enrichment programme. Organisation is inclined towards development programmes for children, youth, and villages

The soil in Ranasan & in its vicinity is rocky & sandy and the climate is dry, windy, hot during 7-8 months of the year and cold during the winter months. The rainfall is less and unpredictable. There are two rivers which flow if there is ample of rainfall. There are few lakes & other sources of water. The principal vocation of the people is agriculture. There are no industries in the vicinity. The level of education is low. Most of the population is economically & socially weak.

The majority of the population of this area comes from the communities of Thakors, Dalits, Ravals, Vagharis, Banjaras, Vadi, Pagi, Rabari samaj and migrant adivasi labourers. Most of them earn their livelihood as agriculture or miscellaneous labour. They have not made much progress either economically or socially. This group of people along with other economically weak & distressed section of the population are the main beneficiaries of Anjali's activities.

Vision and Mission Statement

Vision

Promotion of health & all round development of rural public without any distinction of caste, creed or colour.

Mission

1. Activities promoting community health & primary health care.
2. Rational, ethical & subsidised rural hospital services.
3. Empowering education to women, children, youth and over all development of rural people & rural areas.
4. Environment enrichment by tree plantation, rain water harvesting & use of renewable energy.
5. Activities conducive to & fostering moral and ethical values.

Surgical camp (Ranasan)	172	130
Total camp activities	1259	274

Numbers reflect that in this year also many patients have benefitted from services of Anjali Hospital. With increase in patients over the years, there is crowding and chaos around registration, medicine and cashier windows/counters. As a consequence the entrance to hospital is disorderly. To avoid the congestion, make the transaction area spacious and create more waiting space, modifications and additions to the front area of the hospital building have been undertaken. Once completed there will be relief from long queues & crowding and patient's relation will also feel safe and secure.

In maternal & child health care including ante natal care, deliveries, post natal care and neonatal to one year old children were given free treatment with the generous assistance of **Jewelex India Pvt. Ltd. Mumbai and Govt. of Gujarat**. As a TB diagnosis centre associated with District TB Center, diagnosed TB patients were referred to take treatment under DOT'S at respective PHCs. In the ophthalmic department, Survirsinh Rathod was sent for ophthalmic assistant training to **Divya Jyoti Trust, Mandavi**, who has returned after 8 months training and has started his work.

Since last seven years we are conducting cataract and general surgical operation camps in tribal areas of Poshina area of Sabarkantha. This year along with Poshina, we have conducted cataract operation camps in the remote area of Vijaynagar taluka. Moreover, Eye camps & surgical operation camp were also conducted in Arvalli District created from Sabarkantha district.

As an initial part of conserving energy and reduce carbon footprint, energy audit was conducted with the help of consultant and a decision was taken to use LED bulbs and lights where ever possible and use energy efficient fans. Efforts were also initiated for recharging of ground water with rain water.

(2) Women's Activity Report

It has been possible to establish rapport & closeness with 1668 women members of 45 saving groups. During the year regular saving group meetings, accounts and saving & lending transactions went on as per needs of the individual members. Efforts were made to strengthen their understanding and provide varied useful information.

Like every year, this year also monthly meetings of members of all saving groups were held at Anjali. Detailed discussions were held regarding the loans given by private micro finance companies (MFCs). Some members had taken loans from these private MFCs. The functioning of these private MFCs is scary, besides, the interest rates are very high. Members were expressing their helplessness that “our husbands borrowed money and we had to repay”. Those members who have understood have decided not to borrow from MFCs. They are easily able to compare their saving group with the MFCs and moreover they have realized that through our saving groups we get loans with respect and our needs are satisfied. Cleanliness-hygiene and nutrition were again discussed in detail during the meetings. Every member was given vegetable seeds and most of the members grew, consumed as well as distributed vegetables.

The members were motivated to construct toilets and informed about Government schemes & explained to participate & avail benefits. Members have not been able to take expected benefits of the various schemes.

Training camps were organised in association with District Rural Technology Department in Himatpur village to make decorative articles from bamboo and in Rughanathpura / Khashipura village to make decorative articles from clay.

Convention of all the members of saving groups is held every 3years, under the slogan “Mandal na Sange – Pragati na Panthe”. This year the convention was held on 8th March 2016, the Women's day.

To make the event inclusive, meeting of all the leaders of saving groups were held in five stages for planning the program. The theme kept was “Beti Bachavo Beti Vadhao”. A rally was planned in each village, decided to keep Garba, Songs & Dramas on the day of convention. They prepared slogans for the rally as well as Play cards.

Following members / children of members were called on the stage, felicitated and applauded.

- (1) A member who was elected as district delegate of the area.
- (2) A girl not having brother, served parents and performed all the duties of brother.
- (3) A girl whose parents had no son, even then parents did hard labour to educate their daughters. She successfully completed her studies.

1200 women members attended the convention and had lunch together.

Adolescent girls program:

Varied activities were held with 205 adolescent girls of eight villages. Some of these girls performed action songs in the 8th March convention program. Were taken to Kankaria lake of Ahmedabad on a trip. Learnt new recipes besides primary information & awareness regarding hygiene during menstruation, body parts and their functions and importance of toilets, addiction & nutrition.

(3) Environment Programme (Efforts at enriching natural wealth)

Tree plantation was the main activity in these efforts. About 1063 new trees were planted with tree guards. 138 trees were replanted. There are about 2818 trees with tree guards in Rayana area besides about 200 trees in Ranasan village.

(4) Staff Activity

During the year, various celebrations and programmes were organised with the staff members. A study tour of Swami Nirdoshanand Hospital in Bhavnagar district was undertaken. Shri Sureshbhai Parikh of 'Vichar Valonu' visited Anjali, an informal talk with staff members was organized in the library. On the occasion of completion of 27 years of Anjali's activities some programmes were held with staff members to celebrate the occasion.

11 students of Yale University USA came & stayed at Anjali to study the health delivery system of India. There were exchanges with staff members about the health set ups in both the countries.
