Programmes

1) **Health**

- a. Primary Health Care
- b. Generic & Subsidised Medicines
- c. Subsidised Laboratory, X-Ray, USG investigation facilities
- d. Mother & Child care (including child birth)
- e. Emergency Services
- f. Eye Care & Free Cataract operation
- g. Chronic Disease Centre for chronic medical conditions requiring prolonged medical care: Subsidised investigations, medicines and admission facilities for diseases like Bronchial Asthma, Diabetes, high BP, Epilepsy, Heart diseases and tuberculosis
- h. 24 x 7 Concessional / Free Ambulance Services
- i. Surgical, Eye, Gynec & Obstetric Operation facilities

2) **Community Based Development Action Programme (CBDA Programme)**

- a. Women's educations & awareness programme
- b. Adolescent Girls Programme
- c. Saving Groups
- d. Community based outreach free eye camps and surgical operation camps

3) **Environment Enrichment Programme**

- a. Tree Plantation (Afforestation)
- b. Rain water conservation

Dear Friends, Well Wishers,

It is my pleasure presenting activity and financial report of Anjali for the year 2018-19. But along with pleasure, the year was rather sad. During the year we have lost a ground level worker, founder trustee, our guide and elder brother Dr Hasmukhbhai Shah. Since inception of Anjali and during all these years of activities of Anjali he was active providing encouragement and assistance. He will be missed by Anjali's team.

Anjali Hospital work was performed well as per the plans. Patients' needs and various services were made available through Anjali Hospital. During the year there were Infrastructure improvements and changes in manpower also.

Every matter & thing is bound to change with time. It is with grace of god that we become vehicle in this process of change. During the year constant efforts were made to arrange simple programs which the saving group members can understand and implement.

Rev. Gandhiji is relevant in today's times also. This is our feeling. But only talking will not bring his thought to limelight. We have to make it part of our daily living. If he was alive, he would have been 150 years old. Though we do not have mortal Gandhi with us, his message is eternal. It is our precious inheritance. So that, we do not forget this, it was decided to celebrate whole "Gandhi 150" year through various programmes involving the staff members and make an effort to imbibe Gandhiji's virtues.

This year also intensive tree plantation was done. Preparations were done to extend it to two-three surrounding villages. But when tree plantation started after initially giving consent, people said no. Real face of the society was visible. Felt that only human beings have right to live. Vegetation, insects, animals & birds have no place on earth. It brings in to light the frightening face of the society.

All this talk/ work is only possible because of constant support, warmth, guidance and financial assistance from friends like you, well-wishers, donors and charitable institutions.

With a hope that in coming years also, our association is intact, I stop here.

With best Wishes,

Anita Shah
Managing Trustee

29/09/2019

Anjali was established in the year 1988. The activities of the organisation were initiated on 29th January 1989.

The founders after completing higher education founded Anjali in order to use their skills & capabilities for the poor and the needy.

Anjali is a voluntary organisation based in village Ranasan. Ranasan with population of 5000 is a village in Talodtaluka of Sabarkantha district in north Gujarat in India

Beginning was made with health activities, the poor and the needy being the target population. The health activities developed progressively and other activities were included as the needs were perceived.

At present the activities of Anjali are, a 75 bed Anjali Hospital, women's programme in 48 interior villages (on the platform of saving groups) and environment enrichment programme. Organisation is inclined towards development programmes for children, youth, and villages

The soil in Ranasan and its vicinity is rocky & sandy and the climate is dry, windy, hot during 7-8 months of the year and cold during the winter months. The rainfall is less and unpredictable. There are two rivers which run if there is ample of rainfall. There are few lakes & other sources of water. The principal vocation of the people is agriculture. There are few industries in the vicinity. The level of education is low. Most of the population is economically & socially weak.

The majority of the population of this area comes from the communities of Thakors, Dalits, Ravals, Vagharies, Banjaras, Vadi, Pagi, Rabarisamaj and migrant adivasi labourers. Most of them earn their livelihood as agriculture or miscellaneous labour. They have not made much progress either economically or socially. This group of people along with other economically weak & distressed section of the population are the main beneficiaries of Anjali's activities.

Vision and Mission Statement

Vision

Promotion of health & all round development of rural population without any distinction of caste, colour or creed.

Mission

1. Activities promoting community health & primary health care.
2. Rational, ethical & subsidised rural hospital services.
3. Empowering education to women, children, youth and over all development of rural population & rural areas.
4. Environment enrichment by tree plantation, rain water harvesting & use of renewable energy.
5. Activities conducive to & fostering moral and ethical values.

(1) Health

Activities in figures at Anjali Hospital during the year 2018-19

Description of particular activity	2018-19
OPD patients	74669
New patients in OPD	26315
Old patients in OPD	48354
Average Daily OPD patients	242
Beneficiaries of economically weaker sections in OPD	86.02%
Indoor patients (admissions)	4759
Beneficiaries of economically weaker sections in indoor	89.66%
T.B. detections / Referred to DOT at PHC's	496/496
Deliveries (child birth)	573
Vaccinations	2159
Laboratory tests	80268
X-Rays	4022
Operations Total	2977
EYE operation (Cataract)	2224
Other operation	753
Ante Natal Care visits	713
Ambulance visits	5157
Food to patients (dishes)	19280
Breakfast & Milk (Morning & Evening)	17725

Ambulance is life line of any hospital. Since beginning Anjali Hospital has Ambulance facility. Periodically with wear & tear vehicle is changed as it has to be up to date. Since last two years Mahindra finance was in talks /discussions regarding Ambulance donation. This year Mahindra Finance from its CSR fund donated Bollero Ambulance (provided fund, from which Mahindra & Mahindra ambulance was purchased) to Anjali Hospital. Because of free& prompt 108 ambulance, it is seldom that ambulance is used to bring patients but patients utilise it to go home after discharge. It is also very frequently used to take admitted patients for sonography, consultant reference, transfer of patients to higher centres and for coming to the hospital by one or two nearby villages. Patients with spine injuries and very old patients use it go for follow up at Ahmedabad or Himatnagar. Surgical operation camps were organized at Ranasan, Poshina & Kasana as done every year. Eye camps were arranged on every Wednesday. Some villages in radius of 25Kms were selected where eye camp will be regularly conducted once in a year. Anjali Hospital already has fulltime eye department. The camp activities in figures are as follows:

District	No. of Eye Camps	OPD Patients	Operations	Spectacles provided to patients
Sabarkantha	33	7490	798	6165
Arvalli	19	3605	198	2045
Total	50	11095	798	6165

District	No. of Camps	OPD Patients	Operations
Surgical Camp Sabarkantha	02	392	189
Surgical Camp Arvalli	01	143	42
Total	03	535	231

Mahendrabhai Hareshbhai Khankhar, aged 15 yrs belongs to Godhavada village in Meghraj Taluka. He came to Anjali Hospital OPD to consult doctor. Seeing his condition as he was not able to walk or sit down, his laboratory investigation were done, his haemoglobin level in blood was mere 1.6 Gm % (Normal- 14-17.5 Gm %). He was admitted. 2 bottles of blood from Anjali hospital blood storage centre & 2 bottles brought from Blood Bank in Himatnagar were transfused. Total 4 bottles of blood were transfused. Besides his diet was also taken care of. Anjali Hospital kitchen provided high protein & nutritional diet. Slowly he started walking. Haemoglobin level in his blood also increased. While counselling during his admission it was revealed that he was chewing tobacco (Gutka) daily in large amounts. With patience and compassion, he was explained that because of his addiction to Gutka he has developed health problems. On discharge he was explained to take care of eating, eat regularly, take medicines regularly and get rid of habit of tobacco. He came for follow up in time. He understood the advice given to him and he obeyed the instructions. After one & half months his haemoglobin level in blood was 9 Gm %, has quit tobacco and is doing well.

2) “GANDHI 150”

The 150th birth anniversary of Rashtrapita Mahatma Gandhi, (Year 2018-19) in being celebrated as “GANDHI 150” throughout the nation, Anjali decided to celebrate the year in its own way. As such Gandhiji is imbibed / should be imbibed in our day to day activities, on this year long occasion, if various activities and discussions are arranged with the young generation and local workers, it will bring freshness in daily activities and they will be able to connect themselves with Gandhiji. A committee of voluntary organisations is formed as part of celebration of “Gandhi 150” in Sabarkantha district, they will conduct programmes in their organisations. We tried to participate in programmes organised by nearby organisations Sahyog Krushtha Yagna Trust, Rajendranagar and Vishvamangalam, Anera.

Children are treasure of energy and enthusiasm. As part of Gandhi 150 celebrations, Anjali, undertook a programme with children of primary schools in nine surrounding villages. School children were engaged in various activities and were given nutritious food. “Ready packed snacks do not provide nutrition” an effort was made to bring awareness about this in mothers and the children. Children were taught to make new things from waste (best from waste) with which they could play, made to sing songs, role plays were performed and games were played. Songs & games related to nutrition were sung and played. Nutritious snacks were given. Children enjoyed being with our team. Mothers were taught various recipes children liked, so that they give up eating packed snacks. Activities were performed for three months and at the end, health examination of the children was done (Heart, Lungs, Teeth, Nose, Throat and Eyes) and those in need were given treatment. Alongside mothers were given guidance about children's health.

“Gandhi” film was screened in Anjali's hall in which people from Ranasan village were also invited.

To bring staff workers close to Gandhi, a trip to Gandhi Kutir in Gandhinagar and Gandhi Ashram in Ahmedabad were arranged. Many workers had not been to these places earlier. Every one new about Gandhi but had not seen life of Gandhi through current technology, they were enriched, seeing and experiencing and learnt a lot.

3) Women's Activity:

Monthly meetings were held in each village throughout the year. The attendance is less during agricultural season but overall during the year they participated with enthusiasm in monthly, accounts, annual meetings at Anjali and in arranged tours.

- Health was the main topic in every annual meeting of savings groups held at Anjali during the year. “Dental care”-In village when taking care of teeth in particular is talked about, it is taken very lightly. Dental services are available daily at Anjali Hospital. Dental specialist gave information and guidance about why to take care of teeth, how to take care and availability of new methods of treating dental problems. Dental examination of all the women members was done and were given guidance as per the need. Those in need of treatment were given appointment dates. Concessions were provided in treatment (Charges at Anjali Hospital are significantly low compared to private clinics). Experience was that in spite of providing facility many women members did not turn up for dental examination and many who came for examination did not turn up for treatment. They are scared as well as there is lack of seriousness. “One by one repetition of topics covered in earlier annual meetings leads to revision and understanding about that topic”. With this objective women member were shown video and given information about “domestic violence”.

As done every year seeds of vegetables were given which they take with enthusiasm, sow them, eat vegetables and share it with others.

- Women enjoy one day tour. After talking with them, this year, they were taken to one day tour of Gandhi ashram in Ahmedabad and Gandhi Kutir in Gandhinagar as “Gandhi-150” is being celebrated throughout the world. One of the women managers of Gandhi Ashram nicely talked at length with the women about life of Gandhiji. Gandhiji is all pervading in India. He resides in everybody's heart. Whenever Gandhiji's picture appeared in video, photo, many of the women paid salutations with reverence. They made small purchases from the Gandhi Ashram. Their feeling was “no one would think of taking us to such a holy place for tour, we are fortunate.

- On the occasion of 8th March, International Women's Day, women members of 13 villages took out a rally themselves in their villages. In some villages where we could not reach to see, they took photographs and forwarded us. They could spontaneously decide to take out the rally and express to the society their feeling and thoughts.
- Anjali is doing tree plantation every year since many years. Saving group members were given tree saplings twice in earlier years and the experience was good. This year in 4 villages, through joint efforts of saving group members, community tree plantation was done at sights selected by them. Children and villagers also joined them. Community tree plantation was done in Charanvanta, Vajaput, Deodia and Kathvada villages.
- In year 2009 all the members of saving groups were given free seeds of nutritional grass. Later they were inquiring and asking for getting seeds for them. Meanwhile the cost of seeds had increased significantly. But the members were prepared to pay the cost. Earlier the seeds were obtained from Rajasthan and there was no dealer in Gujarat. They would send the seeds if they have order of truck load. We talked with local businessman. He got the seeds for us. The members were informed and 207 members purchased the seeds. As women are mainly associated with agriculture and animal husbandry, they have good experience of this grass.
- In Women's programme, we have given prominent place to adolescent girl's activities. Earlier this activity was conducted in villages. The girls kept changing and it was realised that there was lack of seriousness. Therefore, in schools of 12 surrounding villages, awareness programme were conducted using various means of communication in relation to menstrual cycle, cleanliness, parts of body, changes in body during adolescence, nutrition, and habits etc. 4 camps of these adolescent girls were organised at Anjali. 467 adolescent girls of schools of 12 villages participated in these camps.
- On occasion of "Gandhi 150" in 9 villages of Women's programme, children activities focusing on nutrition (nutritious food) were conducted

No	Details	August -2003 to March 2018	April -2018 to March-2019	Total
1	Number of villages	49	(-01)	48
2	Total saving groups	131	---	132
	New groups formed		04	
	No of saving groups closed		03	
3	No of women members	1640	(-72)	1660
	New women joined as member (+)		(+92)	
	Women members resigned (-)		(-109)	
4	No of members took loan	5494	407	5901
5	No of members repaid loan	4298	291	4589
6	No of member's repayment in process	1196	---	1312

No	Purpose of / Utilisation of loan	August-2003 to March-2018	April-2018 to March-2019	No. of members took loan	%
1	Economic	2232	144	2396	41%
2	Asset building	850	57	907	15%

4	Social	1266	94	1360	23%
	Total	5494	407	5901	100%

Purpose of loan:

Dadarda is a village in Talod taluka of Sabarkantha district. There are three women's saving groups promoted by Anjali in Dadarda. Dipeshwari Mahila Bachat Mandal is one of them. There are seven members. All are regular. Ushaben Vikramsinh Zala is one of them. Her husband was a freelance driver. His income was small. She informed the saving group members that for her husband, she wanted to bring a vehicle on installments, so that he can work as a driver. She took, in parts, total loan of Rs 70000. Ushaben purchased Maruti Echo vehicle by down payment after adding money from her other savings. Ushaben regularly pays installments from income of the vehicle. Ushaben created self-employment for her husband.

Mali is a village in Himatnagar taluka of Sabarkantha district. There are two women's saving groups promoted by Anjali in Mali. Shri Raj Mahila Bachat Mandal is functional since last 11 years. It has 10 women members. All members very regularly save and make loan transactions. In the beginning all members were farm labourers. Now most of the members in turn have taken loan, regularly repaid and established Cow & Buffalow stables. Their individual savings are Rs 30000. Ramilaben Rohitkumar Vankar joined in the beginning. In phases she has taken loan of Rs 280000 and repaid the loan. Lastly she took loan of Rs 100000 to purchase a buffalo. They have good income. Both Ramilaben & Rohikumar themselves work in the stable and make good income. Saving group was very useful for them.

4) Environment Enrichment Programm – Tree Plantation

In this year, decided to undertake tree plantation at Rayan lake along with on banks of Konjan river, bank of Meshvo river, and open land of Gram panchayat near water tanks. A meeting was held with people of Ranasan village and the matter was discussed. All present in the meeting and Ranasan Gram panchayat agreed. Planning was done accordingly. This year tree plantation was done on empty spaces in Rayan area, bank on Ranasan side of Meshvo river, and in Ranasan village totaling to 1300 trees. Trees planted earlier were cared for and some 250 of undeveloped trees were changed.

This year, the well, from which water was drawn to water the trees caved in while repairs hence there were difficulties in watering the trees. Ranasan based industry Meena Prints came to rescue and made arrangements for watering the trees throughout the year. We are very thankful to them.

5) Staff Activistes

Religious and national festivals were celebrated with staff membres during the year .Staff members were taken to tour of Gandhi kutir, Gandhinagar and Gandhi Ashram, Ahmedabad. Participated in training, seminar and meetings.

Sr No	Details	Venue	No of participants
1.	AAA+ Master training organised by State Gorvernment	Anjali, Ranasan	3
2.	Gap Analysis Training. Jan Swasthya Abhyan	Sahaj, Vadodara	2
3.	Expectations of citizen for Health Care	Sahaj, Vadodara	2

5.	Domestic Violence- Sate level consultation	Swati, Gandhinagar	1
6.	Fire sefty & refresher training	Anjali, Ranasan	All workers of Anjali
7.	Early Breast feeding, Maternal & Infant death training	District Health Dept. Himatnagar	3 Nurses
8.	General Body Meeting G.V.H.A	G.V.H.A Ahmedabad	2
9.	General Body Meeting Janpath	Janpath, Ahmedabad	1
10.	Gandhi 150 Program	Vishva Mangalam, Anera	3
11	Identifcation of problems & treatment in new borns	Sewa Rural, Jhagadia	2

Anjali has taken up tree plantation since the year 2008-09. Every year after taking permission from Ranasan Gram panchayat we have planted around 5500 trees near Rayan lake area.

This year we decided that till now we have successfully done tree plantation with cooperation of people of Ranasan, now we do tree plantation in neighboring villages. So, we selected road going towards Himatnagar (in between Ranasan and Navalpur village) and plant trees on both sides of the road till Navalpur village. The matter was discussed seriously and at length with people of Navalpur village. Most of the villagers gave their consent. For planting trees on the bank of Meshvo river on side of Nava village, meeting was held with people of Nava village and matter was discussed at length.

In the meetings in both the villages consent was given and Anjali's efforts at tree plantation were praised.

Many village people mentioned that “Because of Anjali's tree plantation along the road in Ranasan there is big relief from heat”.

These meetings were held in mid-summer in the month of May.

We were delighted and started preparations and planning was done. Began digging pits with JCB machine. At that time people of Navalpur village whose fields were along the road side objected and work was abandoned. Tree plantation was to be done in road side government land. Their argument was “that due to trees there will be shadow and our production will be less” (If there are trees then there will be rains?). On the bank of Meshvo river and nearby waste land pits were made and fresh soil and manure was brought and kept along each pit and tree plantation was started. At that time people from the village whose land was nearby came and objected. They said if trees will come up here then birds / animals will come and destroy our crops. They threatened and tree plantation in that area was abandoned. All the expense went in waste. The real face of the society was unmasked.

*“in this vast area of world, human is not the only being
there are animals, birds, flowers, and vegetation of the forest “*

(Poet Shri Umashankar Joshi, native of Sabarkantha district)

The whole tree plantation team was stunned. Could see the real face of the society. Environment enrichment cannot be done only by talking, reading and forwarding Whats App messages, implementation is more important.

www.anjalisrhd.org

One afternoon, received phone from a wellwisher that on behalf of a Gujarati family settled in Japan, their relatives staying in Ahmedabad are coming to see Anjali. They came very humbly. As it was afternoon break they waited, went out and had their lunch after which had a meeting with them. They inquired about Anjali and took all the information since beginning of Anjali. Went round the hospital and campus. After seeing and hearing everything they mentioned that Anjali is doing such an extensive work and for needy people running a such good hospital, but after seeing your website we have reluctantly come here. Your website doesn't reflect the kind of work Anjali is doing.

Felt a shock. Website was made many years back. Every year Annual report was uploaded but the website was not updated after initial construction. (A primary structure was done and it was a wish that we will make a very good website. But in hope of best we missed the good). It was an eye opener and we started working on the new website. In this digital age, if we work then it has to be visible through current technology and should develop capabilities to do so. We work very hard but are weak in documentation. From this experience we decided to be regular and upto date.

Well, with many thanks, we inform our visitors from Ahmedabad that Anjali's new website is ready and the name is **www.anjalisrhd.org**

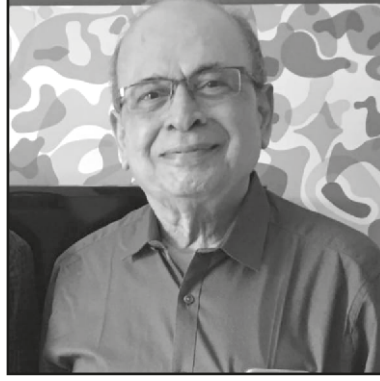

An effort is made to provide detailed information about all activities of Anjali in the new website.

Especially those donors who have registered Tithi, can see the Tithi with photograph in the DONATE page of the website.

We request you to see the website once and we welcome your suggestions.

For suggestions either send Whats App message or make phone call on 9426413192

Obituary

Anjali has lost founder trustee Dr Hasmukhbhai Shah this year.

He played a prominent role in founding of Anjali. He organized meeting with his well-wishers and was helpful in raising initial fund for Anjali. Took keen interest in every activity of Anjali. He actively participated in various camps, annual programs of Anjali, Fund raising programs and sneh milan program. He very much liked to give his services in the hospital and whenever he got an opportunity he provided his services. He was well acquainted with Anjali's staff. Provided financial assistance to Anjali. He was elder brother (Motabhai) of Dr Lalitbhai. After knowing that Dr Lalitbhai wanted to work for needy people after becoming doctor, he provided strong backing during the process of giving shape to the idea, till foundation of Anjali.

He was private practitioner in Vadodara since 1971-72. In Vadodara also he was doing ethical and honest practice. He made a place in hearts of his patients. He was found of reading good books especially new and varied spiritual thoughts and discussing them. He provided inspiration to us through discussions. Due to his company we were acquainted with many people in this humanitarian activities and kept encouraging us till his last. He developed Interstitial Lung Fibrosis in 2012. But till his last days he kept his life live and lived fully.

On behalf of Anjali and us we pay our homage to him.

Anjali Hospital	27573150.72
Women's programme expenses	1081921.40
Environment, enrichment programme	280844.75
Establishment expenditure	1097497.83
Depreciation	3976000.75
Total	34009415.45

Expenditure : Rs. 34009415.45

Income : Rs. 34009415.45

ACCOUNTING POLICIES:

The Accounts are maintained as per generally accepted accounting principle and are in line with there levant guideline statements, standards issued by the Institute of Chartered Accountants of India.

METHOD OF ACCOUNTING:

Books of accounts are maintained on historical cost convention on accrual basis.

The trust having an arrangement with LIC of its gratuity liability and the premium paid year on year basis are debited to Income & Expenditure account.

The statutory liability for PF is regularly discharged by the trust.

FIXED ASSETS:

Fixed assets are stated At Cost less depreciation.

DEPRECIATION:

Depredation is provided on assets on WDV method as under:

Immovable Assets	10%
Movable Assets (Equipments, Furniture-Fixtures, Vehicles etc)	10%

In the Current year the assets are shown as their respective Cost value and Correspondingly the depreciation fund is created to make the value of asseets at its cost.

INVESTMENTS:

Investments are stated At Cost

INVENTORY OF STOCK OF MEDICINE:

The Closing stock for medicines as on 31/03/2019 are taken physically & certified by trust, are valued "At Cost". Medicine and other Supplies are used exclusively only for regular Hospital indoor & outdoor Patients.

The inventories are regularly & periodically taken by management.

RECOGNITION OF INCOME & EXPENDITURE:

Items of Income & expenditure are generally recorded on accrual basis.

During the year donation received are as under

- a. Rs. 5897824.00 towards General Donation and
- b. Rs. 488140.80.00 towards Foreign Donation.

OTHER NOTES:

1. Donation Towards Corpus Trust Fund . RS. 9885252.00
2. Donation Towards Hospital Sustenance/Corpus Fund. RS. 595969/-
3. The Trust has paid gross remunerations of Rs. 337016.00 P.A. to Managing Trustee Smt. Anitaben Shah as a full time administrator cum Director of community based Development Action (CBDA) Programme
4. The Trust has provided Free Residential accommodation in a campus to Smt Anitaben Shah as a full time administrator cum Director of Community Based Development Action (CBDA)Programme.
5. Rs. 360000.00 P.A. is paid to Trustee Dr. Lalitbhai Shah as a Medical Director of Anjali Hospital.

According to our professional judgement the said remuneration (as per note 3 & 5) & the said perquisites (as per note 4) are most reasonable looking to their qualification and long experience as compared to any other person having such qualification and experience in other similar organisations. Members of the Board of Trustees other than Smt. Anitaben Shah and Dr. Lalitbhai Shah strongly opined that the services rendered by them to the Trust are very crucial and indispensable to the Trust.

Society for Rural Health & Development

ANJALI

- Expenditure of Anjali Hospital during the year 2018-2019 was Rs. 1.443 crore more than the income. This Rs. 1.443 crore of deficit was met from donation income and other income.
- The expense this year for giving concessions to OPD and Indoor patients was Rs 8655504.00 and towards concessions in medicines was Rs. 2488636.00 (Total Rs. 11144140.00). This expense was incurred on giving concessions to patients of chronic diseases like Diabetes, hypertension, heart diseases, Bronchial Asthma, Epilepsy, mental disorders, skin diseases and children up to one year, pregnant mothers and other needy patients.
- To meet yearly hospital expenditure, assistance for raising corpus fund is welcome.
- If you are making a donation towards corpus kindly mention it in your letter, that the amount is meant for corpus.
- We are thankful to all who generously provided assistance during the year.
