

*Ambassador of
the Republic of the Union of Myanmar
New Delhi*

Dr. Arvind Kumar Sharma
Executive President
International Organization for Educational Development (IOED)

Dated. 25 June 2019

Dear Dr. Arvind Kumar Sharma,

It is my honour and privilege to convey a Message to the IOED's Annual Award Function cum International Conference 2019. I would like to state that Conference of this kind is very timely and meaningful initiative taken by IOED . I also would like to extend my warmest wishes to you and IOED for successful organization of the Conference.

It is encouraging to note that IOED has been preparing to bring together all stakeholders at the global level to address the issues of educational reform and good governance. The objectives of IOED and International Police Commission (IPC) to focus on fighting against corruption, drugs, terrorism and organized crime turn out to be viable, practical and prudent. Bodies like UNODC and UNESCO are also taking leading roles to strengthen Rule of Law through education to combat the scourge of all forms of crimes.

The interconnectedness between education and good governance would be emphasized at the Conference to foster international cooperation in those areas. The fruitful discussions, opinions and exchange of views at the Conference will inevitably be beneficial to all participants to take their commitments forward.

I look forward to working closely with you and IOED to consolidate the existing friendly relations and cement our ties as important partner at bilateral, regional and multilateral contexts.

Sincerely,

Moe Kyaw Aung
Ambassador of Myanmar
