Education is not only fundamental right but also fundamental need of everyone. Right inputs to the mind build strong individuals who can strengthen the society culture, character, peace and harmony. I appreciate the sincere efforts made by the International Organization for Educational Development-IOED to succeed in bringing reforms in education sector globally. I wish the IOED's Annual Award Function-cum-International Conference 2019 on Educational Reforms and good governance globally will be a grand success in meeting its objectives.

**Dr. Janardhana Rao Tenneti
